A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach--puts it in shape to make pure, rich blood--helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of.

The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound, for 31 stamps. Address Dr. Pierce as above.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes--50 cents and $1.00.

E. S. Leadbeater & Sons, Special Agents.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation.

The bark of a certain tree in California--Cascara Sagrada--offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenuous and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

For something new, nice, economical and effective, try a box of

Lax-ets

Wages and Cost of Living in France.

A study in wages and the cost of living is contained in a report from U. S. Counsul J. Martin Miller at Rheims, France, showing that while the wages paid both skilled and common laborers in France are very low, the cost of living is relatively higher than in the United States.

Mechanics of all classes in France, such as carpenters, blacksmiths, bricklayers, stonemasons, plasterers, etc., receive from $1 to $1.20 a day, and painters 80 cents to $1 a day. High-grade machinists may receive a little more, and in Paris the wages are somewhat higher than in the provinces, but not much. Common laborers receive from 40 to 50 cents a day. The average price for dressmakers and milliners is 40 cents a day. Servants are paid from one-third to one-fourth as much as in the United States, and are supplied with inferior living quarters and food. Until the new 10-hour law went into effect a few months ago the laboring men of France worked 12 hours a day. They began at 6 a. m. and quit at 7 p. m. with one hour at noon.

All mechanics in France are obliged to serve an apprenticeship of from two to three years, during half of which period at least, they receive no wages and must board themselves. In addition to this each one must give up two years of his life for military service, for which he receives 1 cent a day and board and clothes. It will be seen, then, that every mechanic in France must expend four or five years of his life without wages before he is prepared to earn from 97 cents to $1.17 cents a day.

These wages must seem absurd to American workingmen. It is with a slender purse that the French housewife goes to market, and there she is confronted by such prices as these for the necessities of life: Fillet of beef, 50 to 60 cents; faux fillet, 30 to 35 cents; rump steak, 27 to 35 cents; veal, 20 to 35 cents, and mutton, 20 to 55 cents. Some of the very lowest grades of meat, suitable for making soup for the working people, may be purchased at from 10 to 15 cents, but it is principally bone.

Other prices are: Horse meat (fillet de cheval), 12 to 15 cents; horse meat, cheap quality, 6 to 10 cents; flour, of best quality, all wheat, 7 to 8 cents; flour not all wheat, 4 to 5 cents; butter, 40 to 50 cents; cheese, 30 to 40 cents; cheese, a cheap quality for working people, 8 cents; eggs, 4 cents each, or 48 cents a dozen; wood, $12 a cord; coal, $8 to $9 a ton, and gas, 5 cents per cubic meter.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by W. F. Creighton and Gibson & Timberman.

Justified by Unwritten Law.

L. D. Strong, manager of a large mercantile store in Macon, Ga., walked into the printing office of Henry D. Smith in that city yesterday and shot and killed Smith. Five bullets were fired into Smith's body.

While the tragedy was being enacted the grand jury found an indictment against the man slain for seduction of Miss Lillian Strong, sister of the slayer.

The girl had been working in Smith's office as a press feeder for several months, and last week she informed her brother of Smith's intimacy with her. He carried the matter before the grand jury, before whom the girl appeared to have Smith indicted. Her brother, not knowing of the indictment, went to Smith's place of business and shot him.

As Strong walked up to Smith he cried: "You ruined my little sister Lillian--take that," and immediately began firing. Smith lived a few minutes, and cried out repeatedly as he was dying: "I did not ruin the girl."

The parties ot the tragedy are of good families in Macon. Miss Lillian Strong is 18 years old. She told her brother that Smith had taken advantage of her a few days ago in his private office, where he had called her ostensibly on business.

Late yesterday afternoon the coroner's jury, after going over the evidence in the case, returned a verdict that Strong was justified by the "unwritten law" in killing Smith, as he committed the homicide in defense of the honor of his sister.

Smith was married and had several children.

His Dear Old Mother.

"My dear old mother, who is 'now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. S. Leadbeater & Sons, druggists, 50c.

The News--No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is--and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels--and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S Leadbeater & Sons, druggists.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, APRIL 30, 1907.

In his oration over dead Cæsar Mark Anthony said, "The evil that men do lives after them," and this is brought to mind by reading in the Charlottesville Progress a letter from Mrs. H. B. Lee, of Shepherdstown, written on July 20, 1864, to Gen. David Hunter, of the federal army, by whose command her home, together with many others, was ruthlessly burned during his raid through the Valley of Virginia in that year. The following is the letter:

General Hunter—Yesterday, the 19th of July, your underling, Capt. Martindale, of the New York cavalry, executed your infamous order and burned my house. You have had the satisfaction, ere this, of receiving from him the information that your orders were fulfilled to the letter, burning the dwelling and every out building, seven in number, with their contents. I therefore, a helpless woman, whom you have cruelly wronged, address you, a Major General of the United States army, and demand, Why was this done? What was my offense? My husband was absent. He has never been a politician, or in any way engaged in the struggle now going on; his age, 67, preventing. This fact David Strother, your chief of staff, could have told you. The house was built by my father, a Revolutionary soldier, who served the whole seven year for your independence. There was I born; there the sacred dead repose; it was my house and my home, and there your niece, who has lived amongst us during all this horrid war, has received her support from us and has met with all kindness and hospitality at my hands. For this, was it that you have turned me, my young daughter and little son out upon the world without a shelter? Or was it because my husband was the grandson of the revolutionary patriot and reb., Richard Henry Lee, and the near kinsman of the noblest of Christian warriors, the greatest of generals, Robert E. Lee? Heaven's blessings be on his head forever! You and your government have failed to conquer, subdue or match him, and disappointed rage and malice find vent upon the helpless and inoffensive. Hyena-like you have torn my heart to pieces, for all hallowed memories clustered around that homestead, and demon-like you have done it without even the pretext of revenge, for I never saw or harmed you. Your office is not to lead like a brave man and soldier your men to fight in the ranks of war, but your work has been to separate yourself from all danger, and with your incendiary band, steal unawares upon helpless women and children to insult and to destroy. Two fair homes did you yesterday ruthlessly lay in ashes; giving not a moment's warming to the startled inmates of your wicked purpose; turning mothers and children out of doors; your very name execrated by your own men, for the cruel work you gave them to do. In the case of Hon. A. R. Boteler—both father and mother were far away—any heart but that of Captain Martindale would have been touched by that little circle, comprising a widowed daughter just risen from a bed of illness, her three little fatherless children, the eldest not five years old, and her young heroic sister. I repeat, any man would have been touched at that sight but Captain Martindale; one might as soon hope to find mercy and feeling in the heart of a wolf bent on its prey of young lambs, as to search for such qualities in his bosom. You have chosen well your man for such deeds; doubtless you will promote him.

A colonel of the federal army has stated that you have deprived forty of your officers of their command because they refused to carry out your malignant mischief. All honor to their names; they were men; they at least had human hearts, and blushed for such a command. I ask, Who that does not wish infamy and disgrace attached to him forever would serve under you? Your name will stand on history's page as the Hunter of weak women and innocent unoffending children; the Hunter to destroy defenceless villages and refined and beautiful homes; to torture afresh the agonized hearts of suffering widows; the Hunter of Africa's poor sons and daughters, to lure them on to ruin and death of soul and body; the Hunter with the relentless heart of the wild beast, the face of a fiend and the form of a man: O Earth, behold the monster! Can I say, "God forgive you?" No prayer can be offered for you. Were it possible for human lips to raise your name heavenward, angels would thrust the foul thing back again, and demons claim their own. The curses of thousands, the scorn of the manly and upright, and the hatred of the true and honorable will follow you and yours through all time, and brand upon your name, Infamy, Infamy! Again I demand, why have you burned my house? Answer as you must one day answer before the Searcher of all hearts, Why have you added this cruel wicked deed to many crimes?

General Hunter was one of the greatest villians that the war produced. He was by birth a gentleman, but he fell so low that he took fiendish delight in sacking and burning the homes of the people in the Valley, many of whom were his kinsmen, with whom he had been reared and whose lavish hospitality up to the time of the breaking out of the war he had so frequently accepted. Nothing with him was sacred and sentiment did not find lodgment in his soul, for the very men who had befriended him was he bitterst against and the very homes which had sheltered him were the ones which he seemed to take the greatest pleasure in burning. Nothing escaped his fury, and even to the buildings of the Virginia Military Institute did he apply the torch. He was hated by federal and confederate soldiers alike, and had he been captured by the latter no pole in the Valley would have been too high upon which to hang him.

The United States Supreme Court decided in effect yesterday that the railrosd commission of the State of North Carolina can compel a railrosd company operating in that State to so adjust its schedule as to accommodate passengers on other lines from any particular part of the State. If the North Carolina commission has this power, then surely the Virginia commission must have the same, and it should at once enter an order requiring better connections and see that it is enforced.

While the people of Alexandria are paying 40 cents for butter, 20 for eggs and 16 for chickens it is aggravating to read in the Winchester papers that fresh country butter is being sold there at 20 cents, eggs at 14 and chickens at 10. Some of Alexandria's enterprising merchants might buy in Winchester and sell here at a handsome profit even after making a marked cut in present prices.

Washington, April 30.

What came near being a successful attempt to assassinate President Estrada Cabrera, of Gautemala, was made this morning by a bomb thrower, while the President was out driving in Gautemala City. It is understood that the President was seriously injured, while the coachman and an attache accompanying the executive were killed, the horses were slain and the carriage demolished. Joseph W. J. Lee, the new minister to Guatemala and Honduras, who had just arrived at Guatemala City, in a cablegram to the State Department, briefly states that a bomb was thrown under the President's carriage and the President "had a narrow escape." Other advices received in Washington, however, give the other details mentioned above. While it is not known here who threw the bomb or whether the thrower was captured, it is believed that the attempted assassination was an outgrowth of the excited condition in Gautemale, which has developed the past few days, following the recent assassination of a former president of the country in the City of Mexico recently. Minister Lee's dispatch made no mention of the stoning of the American and Mexican consulates in Gautemala City, which is accepted by the State Department as indicating the unofficial reports are either grossly exaggerated or else wholly without fact.

Telling the Supreme Court of the United States in plain language what he thinks of the policy of an "ambitious executive" in trying to "commit the country to unconstitutional projects" Warren B. Wilson, "citizen of the State of Illinois," has asked the court to grant a rehearing of his appeal for an injunction against the purchase and construction of the Panama canal. During the winter the court handed down a decision against Wilson. In his petition Wilson quotes from the President's and Secretary Root's speeches and accuses them of trying to amend the constitution by construction. "The part in this process assigned to the court," says Wilson, "is that from time to time, the judges should, in direct violation of their oaths of office, falsely declare from the bench that the constitution means what they know it does not mean." Quoting one of the reasons alleged by the court why the prayer of the bill should be denied; namely, that "the amount of complainants interest is not disclosed," he asks: "Does the court really mean to commit itself to the proposition that it would listen to a petition of this character from the President of the whisky trust and grant him relief but would not do the same thing for a lawyer, or a blacksmith, or a farmer? Is the constitution made solely for sick men?"

Missouri's Jean Valjean is to be saved from the penitentiary. The President today promised Senator Warner to exercise executive clemency in the case of John William January, alias Anderson, who was recently arrested in Kansas City after living an upright life for nine year following his escape from the Leavenworth prison where he was serving a five year's sentence for robbing the postoffice at Hennessy, Okla. Senator Warner brought to the White House a petition signed by 2,500 prominent citizens of Kansas City and told the President that another one bearing the signatures of 37,000 citizens, was all ready to ship east if he would like to look it over.

The services will be conducted by Rev. Dr. Frank Dewitt Talmage. This is one of the biggest shipments of any kind that has been made. The following statement of American relief to date is provided by the Red Cross Society, this representing slightly more than two-thirds of all the aid received from all countries of the world: Cash forwarded by Dr. Klopsch, through the Red Cross, $200,000. Value of Buford's cargo, freightage included, $150,000. Further contributions pledged by Dr. Klopsch, $25,000. Cash contributions by the Red Cross from general subscriptions, $25,000. Of this number more than 6,000 are in the coast and field artillery of the army, more than 4,000 for the postal service, and 1,500 enlisted men for the navy.

Although the Corporation Commission as yet has received no notice of any intention on the part of any of the railroads to appeal from the judgment reducing to two cents per mile the passenger rates throughout the State, it is agreed on all sides that the railroads will certainly put up a fight against the reduction. Today's Telegraphic News

Wants to Impeach the President.

Chicago, April 30.—Radicals among Chicago union labor leaders are agitating to secure the presentation to the Senate next winter of a petition for the impeachment of President Roosevelt. Some of the socialistically inclined leaders are at the head of the movement. A legal committee has been selected and the charges which are intended to accompany the petition are being quietly drawn. The charges being considered as a basis of the articles of impeachment are, briefly:

That the President sought and received, or caused to be received and used for the campaign expenses of the republican party for promotion of his own candidacy, $250,000 contributed by E. H. Harriman and others representing large corporations.

That he violated the propriety of his office by expressing an opinion prejudicial to Moyer and Haywood, contrary to all rules and precedents of the office and to the dictates of humanity and justice.

That he has been guilty of repeated acts of intermeddling in State politics to further the interests of the republican party.

That he has exceeded his official authority in seeking the defeat of politicians whose views disagree with his own, and by issuing frequent "proclamations" to that end.

Another charge has to do with the part taken by cabinet officers in the Hughes-Hearst election in New York State.

A meeting has been called for the night of May 1 to discuss action to counteract President Roosevelt's recently expressed opinion that Moyer and Haywood are "undesirable citizens." Sixty-five organizations have issued a manifesto in connection with the proposed protest. The manifesto contains a bitter attack on the administration of law which is alleged to be against labor and for capital. The manifesto lays special stress upon the judicial proceedings which have marked the Haywood and Moyer cases to date.

Civil War in Montenegro.

Vienna, April 30.—Civil war is raging in Montenegro. Tired of the tyranny and opposition of Prince Nicholas, a revolt having for its purpose his overthrow is well under way. There has been much bloodshed already and more is expected. Already the government has been driven to the necessity of proclaiming a military regime.

Cettinje, Nicholas's capital, is threatened by the revolutionists who have dispatched armed bands to capture the city. At least one pitched battle has been fought, the rebels and loyalists having indulged in severe street fighting at Podgoritza, with considerable loss of life.

Three of the most powerful mountain clans are leading the revolutionary movement.

Every dispatch shows that the situation is becoming more serious for the government and the overthrow of Nicholas's authority seems imminent.

Cettinje, Montenegro, April 30.—General J. Martinovitch, governor of Podgoritza, and Chief of Police Kasiwoda have been shot and mortally wounded by an ensign. Their assassin was killed.

Douma Saved from Dissolution.

St. Petersburg, April 30.—By accepting today the bill of the government providing for the summoning of recruits, the Douma has probably saved itself from the dissolution which threatened it last night after the savage attack on the army and the administration by a socialist member in discussing the measure.

When M. Zuraboff, a socialist orator, declared that under an autocratic regime the army was worthless, except against the people, and was beaten whenever it encountered a foreign foe, the ministers withdrew from the House.

It was greatly feared the Czar would at once dissolve the Douma, as several of the socialist manifested their intention of upholding Zubaroff's declaration. Realizing that the existence of the assembly was at stake, moderate leaders today saw that the debate did not take the violent form of yesterday. The bill was adopted and it is believed the Zubaroff incident will now be overlooked.

The vote on the recruits bill stood 196 to 124 for its adoption.

Will not Discuss Disarmament.

Berlin, April 30.—The positive and emphatic declaration of Prince von Buelow in the Reichsrath today, that Germany will not participate in a discussion of the question of the disarmament at the coming Hague conference, probably excludes finally the consideration of this subject at the international congress. If Germany will not take part in a discussion, or to be bound by any decision reached, it is useless for other powers to consider it.

Speaking upon Germany's foreign affairs, the Chancellor made it plain that Germany stands for great armamants and will not consent to any limitation being placed upon her martial strength. If the other powers choose to discuss disaramant, it is their affair, but Germany repudiates all connection with the idea. The outburst of applause which the anti-disarmament declaration was received showed that the deputies will support the government vigorously in its stand.

Labor Troubles in Chicago.

Chicago, April 30.—Hostile moves made unexpectedly by two large labor unions suddenly changed the peaceful front of May-Day in Chicago. They presented the possibility of two large strikes, one threatening to tie up the street car systems and the other of brick yards of the city. The strikes would involve 11,000 men.

The change in the attitude of street car employes came at a night mass meeting. It was voted that a demand be made of the Union Traction and the Consolidated Traction Companies for an increase in wages of almost 30 per cent.

The brick makers are asking for an increase in wages of 2 1-2 per cent. There are 3,000 brick makers in Chicago. They threaten to quit tomorrow.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1.00. Trial bottle free.

Engineer Drowns at His Post.

New York, April 30—Sticking bravely to his post and crowding on every ounce of steam in an effort to land the crew on the wharf before the New York Central barge No. 4 sunk, Engineer John Keyes went to the bottom of the North river with his craft today and died a hero.

In the thick fog of the early morning the barge attempted to cut across the bow of the river steamer, C. W. Morse, of the People's Line. The two boats crashed, the big steamer cutting through the bow of the barge, which filled rapidly.

Captain Holmes, of the barge, saw that his craft was doomed, and called to the engineer and fireman to save themselves. The fireman, Mannie Anderson, heeded the call, and rushed to the deck in time to jump with the captain and get clear of the sinking barge. Keyes, however, stuck to his post until the water rushed into the engine room, and engulfed him as the boat sank.

The cries of terror of those on deck of the C. W. Morse, mingled with the crash of the boats, caused a mild panic on the passenger steamer.

This, however, was quickly quelled and captain and fireman of the barge were drawn on board the steamer little the worse for their experience.

Pope Declined Gift.

Rome, April 30.—An offer on behalf of American Catholics to present Pope Pius X. with the castle Legandolfo, as a new papal residence, was made by Archibald J. Sampson, for several years United States Minister to Ecuador. The Pope declared, however, he could not accept the gift. The offer was made while Mr. Sampson was being received in private audience by the Pope. Mr. Sampson declared American Catholics would be more than glad to show their love and appreciation of the head of the church by making this substantial gift. In declining, Pius declared he would gladly accept for himself, but political considerations and the impossibility of his binding his successors compelled him to refuse.

The Baroness de Massey Case.

New York, April 30.—When court opens today Justice Blanchard will decide whether or not he will order a mistrial in the case of Baroness Amisia de Massey on trial for the murder of Gustav Simon. Misdirected zeal on the part of a juror abruptly ended the proceedings in the case last evening and adjournment was taken until today, when the justice will decide the issue. It is within the province of the court to declare a mistrial on the ground that the juror, although impelled by the best motives, sought evidence for himself outside of the presence and hearing of the woman who is being tried for her life.

Storm on Lake Michigan.

Chicago, April 30.—The worst April storm in years swept over Lake Michigan all last night, according to reports from the Life Saving stations, and tossed the big steamers about like cork, and some disasters are reported. The wind on Lake Michigan, attained a velocity of more than 55 miles an hour during the night and the weather was so "thick" with snow and rain that the lights could hardly be distinguished. Waves dashed over the breakwater along the south shore as high as 30 feet.

A Desperate Criminal.

New York, April 30.—After holding at bay twelve policemen until he had emptied his three revolvers, during a terrible pitched battle over half a dozen roofs, Thomas Donahue, wanted for murder, was captured early today. He was not taken until a bullet had pierced his lung and he toppled head long from a coping. He is now in Harlem hospital and expected to die. By good luck, all the policemen escped injury owing to Donahue's hurried aim.

Killed by an Arc Light.

Ogdensburg, N. Y., April 30.—Joseph Goodin with three companions, Edward Livingston, Frank Ashley, and Edward Maville, was returning home from a dance. Maville lowered a corner arc light. When Goodin touched it for the purpose of lighting a cigar he was hurled several feet and was killed instantly by the shock. The young men's companions are under detention by the coroner and police. All had been drinking.

Charged With Forgery.

New York, April 30.—The first arrest in the criminal proceedings instituted by the international policy holders committee for alleged irregularities in the recent election in the New York and Mutual Life Insurance companies occurred today when Jacob Frank, who has had supervision of several east side agencies of the New York Life, was taken into custody on a charge of forgery in the third degree.

Loss of Life and Property by Floods.

Odessa, April 30.—Considerable loss of life and great property loss are reported to have resulted from the overflowing of the Dneiper, Dneister and the Dvina rivers. Terrible suffering has occurred among flood victims who were driven from their homes. It is estimated that fully 100,000 persons are homeless and almost without food. No figures are given as to probable deaths or the property loss.

Tornado in Tennessee.

Memphis, Tenn., April 30.—A report was received here early this morning from Covington, Tenn., of a tornado which struck that place last night, causing considerable damage, but, so far as can be learned, no lives were lost. Many buildings were unroofed. A severe rain and electrical storm in general today in this neighborhood.

Storm Warnings.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The train collided with a shifting engine and ten cars were thrown off the tracks. Engineer H. H. Epperson and fireman B. F. Johnson, of the passenger train, were killed. Fortunately all the passengers escaped without injury.

Miss Loving Exonerates Estes.

Little by little important facts in the Loving-Estes case are leaking out. The most recent disclosure comes through an indiscreet letter said to have been written by Miss Elizabeth Loving to a girl friend in Albemarle county last week. The letter, it is said, declares the writer's amazement at her father's act and fully exonerates Theodore Estes.

Miss Loving, it is said, defends the memory of the victim to the extent of testifying that he always treated her with courtesy and consideration.

Since the tragedy Judge Loving and his family have lived in seclusion, and no statement from them or about them has reached the outside world until this letter, which, if authentic, discloses the extreme unhappiness of the entire family circle.

It is alleged by some persons in Nelson county that Judge Loving always opposed social relations between his family and that of Sheriff Estes, and that the mere fact of his daughters having gone for a drive with Theodore Estes was sufficient to excite him greatly. Judge Loving is not noted for an even temper, and it is said that his daughter was the only person who could manage him during his gusts of passion.

A Nelson county man familiar with all the social and political currents there expresses the belief that it would be impossible to try the case at Lovingston. Feeling is said to be running high in that county and to be aggravated by family and political antipatheis. The case may be removed to Charlottesville.

"Insurgents" Again Victors.

The fight between the Junior Order United American Mechanics and the Independents was resumed before Judge Grinnan in the Chancery Court in Richmond yesterday. The independents are the State councils which seceded from the national body. They obtained a charter and proceeded to do business under the title of the Virginia Council, Junior Order of American Mechanics. The national body brought suit to prevent the seceding councils from doing business in this State as an independent body.

The State body defeated the parent body in the courts, and the national body established an opposition to the victorious insurgents, called the Junior Order United Americans. The State body than brought action to prohibit the use of the phrase "Junior Order" in the title adopted by the opposition. An injunction was issued carrying out the prohibition. The injunction being violated by the Junior Order United Americans, the order was summoned to answer a charge of contempt, and the charge was sustained.

Counsel for the defendants then asked for a hearing on a motion for a stay of proceedings. The lawyers for the defense yesterday made a strong plea for a reopening of the case or a stay of proceedings. They desired to bring new points to the attention of the Supreme Court. The court, however, refused to grant the stay, and named May 6 as the date on which the final decree will be entered. This decision scores another victory for the insurgents.

Benjamin W. Monroe, aged forty-seven years, died Sunday at his home near Hartwood Church, Stafford county.

Charged with Incendiarism.

Officers Henderson and Jones yesterday evening arrested George Griffin and Charles Michaels, two young men of this city, on suspicion of setting fire to two small frame houses on north Lee street, near Princess, at an early hour last Sunday morning. Griffin and Michaels, it is alleged, were seen leaving the neighborhood, and, when questioned by policemen, said they were on their way to sound a fire alarm, having seen the blaze as they were passing. Shortly after Michaels was locked up he agreed to give the police a signed confession. In his own handwriting he prepared and signed a statement setting forth that about 1 o'clock Sunday morning Griffin suggested to Michaels that they set fire to the two houses. Michaels stated that he declined to be a party to the crime, but he saw Griffin apply the match, which started the blaze. They then hurried away from the neighborhood. The fire, it will be remembered, was discovered and extinguished by Officers Jones and Henderson. The case was called in the Police Court this morning.

Mr. L. H. Machen appeared as counsel for Griffin. Several witnesses were examined, among them the proprietress of a north Lee street resort, who testified that Griffin entered her house shortly before the discovery of the fire and asked her for matches and coal oil. She gave him matches, but refused to furnish him coal coal. Michaels was subsequently placed upon the stand when he reiterated substantially the confession he had previously made in his written statement. Justice Caton sent Griffin on to the grand jury. Officer Henderson later rearrested Michaels, who will be held as an accessory.

Mr. Agnew on Politics.

Mr. Park Agnew, of this city, former chairman of the Virginia republican State committee was in Washington yesterday and while there said that so far as he was advised, Representative Slemp will have no opposition in his plan to take the Virginia delegation to the next republican national convention in his vest pocket. Continuing he said: "I have no information that would lead me to believe that Slemp will have any opposition to the carrying out of his plans." "He and the officeholders are about all that is left of the Virginia republican party, and of course that settles the matter. I would not go to the convention pledged to Roosevelt, or his choice, even for the place. If Mr. Roosevelt is nominated I predict his defeat.

To a correspondent of the Richmond Journal Mr. Agnew said: "I understand that Colonel Slemp will not likely be a candidate for renomination, and that the plan is to nominate Bascom Slemp. But Louis Summers has a bee in his bonnet, and Senator Noel is out for the place, so there is no telling what will happen."

Mr. Agnew is about the only republican except Senator Foraker who has spoken out loud in Washington in weeks.

After Suspected Murderers.

A dispatch was received from Norfolk by Chief Goods at an early hour this morning requesting him to board the steamer Norfolk upon her arrival at this port and make a search for a negro named Thomas Laffiter, who is suspected to being a party to murders and robberies which have occurred in Berkeley during the past two or three days. Charles W. Parks, white, and Miles Newby, colored, were murdered, and Edward Cooper and William Watkins are said to be fatally wounded. Laffiter, it was stated, was accompanied by Lizzie Jones, Helen Fisher and Irene Smith. It was not known positively whether the negroes left Norfolk on the Baltimore or Washington steamer. The steamer Norfolk was due at this port at 6:30 a. m., but, having broken her steering gear at Old Point last night, she will not reach her wharf at this place until about six o'clock this evening. Lieutenant Bettis and Officer Beach will be at the wharf when the boat arrives. Detective Sergeant G. E. Burlingame, of Washington, will also be on the wharf on the arrival of the steamer.

A Suggestion.

A well-known citizen in a conversation with a representative of the Gazette this morning concerning city affairs, suggested that in view of the fact that a movement originated in Council recently to induce people to use gas for cooking purposes by furnishing consumers with stoves, that the committee on light recommend to Council the adoption of measures whereby summer rates could be made with such as desired to use gas for cooking purposes—that is, that it be furnished at actual cost of production. This, he said, would be merely an experiment, and should it prove satisfactory, the same terms could be continued during future summer seasons. If not, the present rates could be re-established. Gasoline is now selling at 20 cents a gallon, and, it is said, is to be increased to 25 cents within a short time.

Verdict for the Plaintiff.

Testimony in the suit of George D. Hopkins, of this city, against the Washington, Alexandria and Mount Vernon Railway Company, for $5,000 damages for being ejected from a car by a conductor who refused to accept a Columbian half dollar, was heard yesterday in the Circuit Court for the county, Judge Harrison presiding. The case was today submitted to the jury, which brought in a verdict for the plaintiff for $375. A motion to set aside the verdict was overruled and exceptions were noted.

Liquor Licenses.

In the Corporation Court today Judge Barley took up for consideration the remaining applications for liquor licenses. Last week thirty-seven licenses were granted and about twenty-five applications were held up to be acted upon this week. Today 28 licenses were granted, making 60 in all, and 4 are held under consideration. The city and State tax on all saloons must be paid by May 1.

"Crawford's Claim"

A large and appreciative audience last night filled the Young Men's Sodality Lyceum Hall to witness the production of a three-act melodrama entitled "Crawford's Claim," which was presented by the dramatic club of that organization. The play was intensely interesting from start to finish, and all of the participants acquitted themselves creditably. It was the concensus of opinion of all present that last evening's performance was far superior to any heretofore presented by this organization. Much credit is due to Mr. A. D. Montier, under whose direction the play was presented. During the course of the evening several of the lady participants were presented with flowers. Solos were rendered by Mrs. A. D. Montier, Mr. Forrest Birrell and Mr. William Thornton. Little Caroline West rendered several recitations which were well received. Music was furnished by an orchestra under the direction of Prof. Carlton A. Padgett. As previously stated, the performance will be repeated tonight. The cast of characters was as follows:

Herbert Stanton, an escaped convict, Harry B. Quinn; Sidney Woodward, a false friend, E. Forrest Birrel; Mike Moore, a Tombs lawyer, H. Linden Wheatley; Bill Mulligan, a genius, Jas. W. Pettey; Joe Rowers, a broken down actor, R. Edward Power; Bella Woodward, Sidney's wife, Miss Ida Breen; Bud Brunken, a western sport, Harry B. Quinn; Manuel Lopez, alias Capt. Grip, E. Forrest Birrell; "Deacon" Crawford, who owns the claim, Martin E. Green; Jack Davis, who drove the "extra," Carl A. Rothmund; Mike Moore, always on a case, H. Linden Wheatley; Bill Mulligan, Lieutenant to Lopez, Jas. W. Pettey; Ling Ling, a celestial, Wm. Toomey; Joe Bowers, always a friend, R. Edward Power; Jim Sawyer, the sheriff, Roscoe C. Green; Frigid Jim, with a good song, R. Emmett Kelly; Our Hebrew Friend, who gets everything easy, Frank R. Monroe; Fiddler Tom, with an artistic touch, Jas. Patterson; Nugget Nell, the pet of Poker flat, Miss Katherine Birrell; Abigail Greenleaf, so gushing, Miss Marie Fannon; Bella Woodward, Miss Ida Breen; "Diamond" Kate, Mrs. A. D. Montier.

Dance Thursday Night.

All arrangements for the dance Thursday night at McBurney's Hall, to be given by the Fanchon Pleasure Club, have been completed, and nothing has been left undone to make this one of the most pleasant affairs of the season. Professor Leon Cohen's orchestra, of Washington, has been engaged for the occasion. It consists of some of Washington's finest musicians. Dancing will start promptly at 8:30 o'clock and continue until midnight. This will be the last dance the Fanchon Club will give this season. The floor committee is composed of Messrs. Harry Dachslager, Jerome Kaufmann, DeW. Milstead and Edward Ticer. The reception committee is Messrs. Thos. Gibb, Henry Steiner, Charles Blondheim and Martin Quinn.

Mrs. Wiggs of the Cabbage Patch.

Judging from the sale of seats this play promises to be one of the most successful events of the season. The young people who will take part are most faithful in their attendance at the rehearsals and the ladies in charge are untiring in their efforts to make it perfect in every detail. This play will be given at the Opera House on May 9th and 10th. It was decided to give it two nights to prevent the crowding of the hall. Seats are for sale at Warfield's drug store on King street, gallery tickets can be procured at Ramey's printing office.

Suit for Divorce.

Mrs. Mamie Michael yesterday filed suit for divorce in the Supreme Court of the District of Columbia against Charles J. Michael. In her petition Mrs. Michael asks that she be given the custody of their four-year-old son. The plaintiff alleges infidelity. Mr. and Mrs. Michael were married in Upper Marlboro, Md., April 29, 1902, and for some time thereafter were residents of Alexandria. Mrs. Michael is now a resident of the District of Columbia, while, it is alleged, Mr. Michael still retains his residence in Virginia.

Accused Dismissed.

The three Alexandrians who were arrested early Sunday night charged with assaulting a conductor on a south bound electric train, and whose case was continued yesterday until today, appeared in the Police Court this morning. All had left collateral. It having been shown that the alleged assault occurred beyond the police jurisdiction of this city, the accused were dismissed. The authorities of the county may take action in the matter.

Mayor Paff Interviews Midgets.

Mayor Paff, of this city, went to Fredericksburg yesterday to see George Midgets, who is in jail there, condemned to hang on May 24th for the murder of Charles Smith, last October. Midgets wrote the mayor a letter some time ago requesting him to come there as he had something to reveal to him that he could not trust through the mails. It was for this reason that Mayor Paff visited Fredericksburg and had an interview with Midgets, who protested his innocence and gave Mayor Paff information where he could locate Frank Robinson who was with him when the first trouble originated at the circus. Robinson, or Minor, as he was sometimes called is now wanted by the authorities of Phoenixville, Pa., for murder.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

Compelled to Operate Extra Train.

An advanced position on the right to regulate schedules of railroads, so as to meet the convenience of the public, is taken by the Supreme Court in an opinion affirming the validity of an order issued by the North Carolina Corporation Commission, compelling the Atlantic Coast Line to put on a train between Rocky Mount and Selma, N. C., so as to make connections with trains on the Southern Railway.

The principal claim of the company was that the net loss entailed by it in running the train—$15 per day—was in violation of the constitutional prohibition against the taking of property without due process of law; but it also claimed that it should not be compelled to furnish facilities for passengers on another road, especially in view of the fact that that other road had itself disturbed the connecting schedules which had been in existence for years.

The controversy has been pending since October, 1903, when the Southern Railway changed the schedule of the Goldsboro-Raleigh train so it reached Selma, the connecting point with the Coast Line, half an hour earlier than the through train on the latter road, thereby destroying connections for a large territory extending as far as Norfolk. The North Carolina Corporation Commission took up the matter, gave numerous hearings to both roads, which developed the fact that the time of the Coast Line train, which originated in New York, could not be accelerated without disarranging schedules on the Pennsylvania and Richmond-Fredericksburg railroads.

The case has been under consideration by the court for a year. The court's opinion was unanimous, except that Justice Moody took no part in it.

For stomach troubles, biliousness and constipation try Chamberlain's Stomach and Liver Tablets. Many remarkable cures have been effected by them. Price, 25 cents. Samples free. For sale by W. F. Creighton and Gibson & Timberman.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

Murders and Robberies.

Charles W. Parks, formerly chief of the Berkley fire department, died at an early hour yesterday morning as a result of an assault committed on him Saturday night in the suburbs, and Miles Newby, colored, died yesterday afternoon as a result of an assault on the same night. Edward Cooper is dying at the Norfolk Protestant Hospital with a fractured skull. William Watkins is seriously injured. Robbery seems to have been the motive in each of the assaults. William McIntosh and Stark Poiner, negroes, have been arrested as the assailants. The evidence against both men is strong, although that against McIntosh is more conclusive. McIntosh has been identified by Bart Brock, who saw him rifle the pockets of Cooper. A pistol taken from McIntosh after his arrest proved to have been stolen from a grocery store a short while before his arrest. A pocketbook found on McIntosh proved to have belonged to Parks. Parks also had about $15 in cash in his pocketbook, but that was missing. A heavy iron pipe wrapped in paper and bound with a stout cord was found in a basket of groceries dropped by the negroes as they were being pursued at the ferry. The basket had been taken from Watkins.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.
